## SCRUBBER PACKING SOLUTIONS

**ENGINEERED FOR PERFORMANCE.  
BUILT TO LAST.**

Boost the efficiency of your air pollution control systems with top-tier scrubber packing materials designed to deliver superior mass-transfer, low pressure drop, and long-lasting durability — even in the most demanding industrial environments.

### What We Offer:

#### ✓ Plastic Packing:

Lightweight, corrosion-resistant, cost-effective for **wastewater** and **chemical** applications.

#### ✓ Ceramic Packing:

High heat and chemical resistance for **gas** absorption.

#### ✓ Metal Packing:

Durable, high surface area for **high-performance** systems.

#### ✓ Structured & Random Packing:

Custom solutions for **efficiency** or **cost-effectiveness**.

### Why Choose Our Scrubber Media?

- **Durability:** Our packing is designed to withstand harsh industrial environments, ensuring extended service life and reduced maintenance costs.
- **High Efficiency:** Maximize your scrubber's performance with optimal liquid and gas contact, ensuring superior removal of pollutants.
- **Customizable:** Available in a range of materials and configurations to meet the specific needs of your system.
- **Cost-Effective:** Reduce downtime and lower maintenance costs with our durable, reliable scrubber media.

**Ready to Upgrade Your System?  
Let's talk performance.**

### Who We Are

INDUSCO is a family-owned business with over 43 years of continuous service. We always strive to:

1. Diligently take care of our customers and their projects.
2. Provide reliable, high-quality systems at a market-leading price.

We are proud that over 2/3 of our business coming from repeat customers!

### INDUSCO Qualifications

- Experienced engineering staff
- Over 300 project installations around the country and globe
- Adaptable to wide range of process design parameters

**INDUSCO Environmental is dedicated to providing our clients with the most reliable solution at a market-leading price.**

Our Other Products & Solutions: Common Field Services:

- |                 |  |
|-----------------|--|
| ✓ Scrubbers     | ✓ Repack Jobs  |
| ✓ Air Strippers | ✓ New packing media installation   |
| ✓ Degasifiers   | ✓ Removal & disposal of fouled packing   |
| ✓ Odor Control  | ✓ Key Internal Replacements: liquid distribution systems, demisters & packing support plates |
| ✓ Fume Removal  |  |
| ✓ Gas Cleaning  |  |

### Let's Build Your Solution!

Partner with us for a tailored packing solution that enhances efficiency and reliability in your operations.
